METHOD

What you will need:

- Hitleap Account: <https://hitleap.com/sign-up>
- Hitleap Programm: <https://hitleap.com/traffic-exchange>
- shortened link that doesn't have bot verification:
<https://adfoc.us> is my recommended one! (Need to make account)
- PC/Laptop with internet connection.

About the method:

- **FULL AUTOPILOT**
- **100% White Hat (optional)**
- **We will have Traffic Program in the background running every traffic you watch = every traffic you receive! (You also can crack hitleap accounts with traffic hits left)**

Lets do this!

First you already want to get some traffic running in the background so singup here: <https://hitleap.com/sign-up> when you have done that verify your mail! Now download the program where we will recieve the traffic hits from download it here: <https://hitleap.com/traffic-exchange> download the program and login with the same details u singed up on the browser. Here you will watch peoples website's in return for traffic every webite you automatticly visit will get you 1 Traffic hit (No need to watch it just minimize or ignore it). Another option is to Crack hitleap accounts the most of you guys are from cracked.to so you know where to find Checkers or accounts! Now go to a link shortener like <https://adfoc.us> and register on there and verify your mail then you can shorten 3 Random links like google, twitch, youtube! Why 3? So we can get faster traffic on 3 different shrinked links so i twill be more spread out. Then go to <https://hitleap.com/websites> and paste your 3 Website's here in and then you will earn traffic and you will get from every click on the shrinked link a very low amount of money but this will ad up! And now you are ready to go you also could add hitleap to the startup you can find it on google how to do that! I hope you will earn some extra money with this!

Note 1: There is a chance the link shrinker u use will ban you for abusive trafficking!

Note 2: This is pretty slow and this is not really good for expirienced people because they can earn the money you will make of it in 1 day or less if you have a buisseness running!
